CAREER OBJECTIVE

- To obtain a challenging role in Artificial Intelligence and Web Development where I can apply my skills as a freelancer and intern, contribute to impactful projects, and grow through hands-on experience in a dynamic environment.

EDUCATIONAL QUALIFICATIONS

- **K. S. Rangasamy College of Technology, Tiruchengode**
B.Tech in Computer Science and Business Systems; CGPA: 8 (upto 4th Semester) 2023 – 2027
- **Sri Vidya Mandir MHSS, Salem**
Higher Secondary Certificate (HSC), 86.67%, Cut-off: 180.5 March 2023
- **Sri Vidya Mandir MHSS, Salem**
Secondary School Leaving Certificate (SSLC) March 2021

INTERNSHIP EXPERIENCE

- **Tech Nuke IT Solutions** Thirupattur
Web Developer Intern July 2024 – August 2024
 - Worked on front-end and back-end development with hands-on experience in web technologies and REST API integration.

PROJECTS

- **Startup AI Automation Platform:** Founder-developed AI startup project delivering automation solutions in web development, design, and business workflows. Integrated AI tools, REST APIs, and cloud deployment to build scalable, real-world client solutions.
- **GreenGlow Cosmetics Website:** Full-stack MERN-based e-commerce platform with seller, admin, and customer panels. Implemented secure authentication, product management, real-time cart updates, order tracking, and responsive UI using MongoDB, Express.js, React, and Node.js.
- **ASTRA Chatbot:** AI-powered chatbot built using Flask and Gemini API with an interactive HTML/CSS frontend. Deployed on Render and designed for intelligent conversations with future enhancements like authentication and chat history.
- **Student Record Management System:** Python full-stack CRUD web application using HTML, CSS, JavaScript, Flask, and SQL Workbench. Enables efficient student data management with add, update, delete, and search operations.

CERTIFICATIONS

- Introduction to Git and GitHub – Coursera (Authorized by Google)
- AWS Cloud Practitioner Essentials – AWS Skill Builder
- Joy of Computing using Python – NPTEL (Elite Certificate)
- Java Programming and Software Engineering Fundamentals – Coursera
- Frontend Development Specialization – Scrimba

SKILL SET

- Web Development: HTML, CSS, JavaScript, React
- Programming: Java, Python, Python Full Stack
- Cloud & DevOps: AWS, Terraform
- Version Control: Git, GitHub
- Data Visualization: Matplotlib, Power BI
- Soft Skills: Problem-solving, Communication, Team Collaboration
